Fluffball the Flighty Cloud

Miss T (Misty) is having trouble keeping her flock of flighty Fluffballs in order. Can you help her find them? Bring your best singing voices and we'll see you there!

This piece celebrates the importance of imaginative play, draws attention to our beautiful world, stealthily teaches the science of weather - why do some clouds have high voices and others have thundery rumbles? And explores teamwork and cooperation through a funny, entertaining piece that will put a smile on adults' and little ones' faces alike.
